Are you interested in engaging with industry professionals concerning in-demand career fields in Computer Networking, Software Engineering, Robotics, Artificial Intelligence, Cybersecurity and more? If so, then join us for an informative and exciting Computer Science Career and Internship Fair at Kent State University!

- Discover Full-Time, Part-Time, and Internship possibilities for now and future job growth.
- Network with current industry professionals in a variety of computer and technology-based applications. Learn what professionals in the field are looking for in new hires.
- Bring printed copies of your resume. Dress professionally. Check out career resources at KSU Career Exploration & Development (<https://www.kent.edu/career>).
